

LinkPower Mini Flightcase

LinkPower Mini Flightcase for Starlink MINI

The LinkPower Mini Flightcase is a rugged and waterproof case designed to transport and protect the Starlink Mini, batteries, and solar panels in the most demanding environments. With its impact-resistant ABS shell and protective foam interior, it ensures maximum security for your equipment. Compact and easy to carry, it features external DC input/output ports for convenient power access, making it an essential solution for reliable and rapid field deployment.

Compatibility

Compatible with Gravity 27 Pro and Fusion 60W Solar Panel
